ARMS Bulletin 2025-01

Subject: High Performance Solosport (Lapping/Time Attack) and Race Instructor Appointments and Licensing

Issue Date: April 3, 2025

The ARMS Chief Instructor, Brian Gay, will promulgate the 2025 list of ARMS club members that are eligible for licencing as Instructors. Members included on that list will need to complete their 2025 Annual Club Membership and their 2025 Lapping/Time Attack/Race Licence application in advance of performing instructor duties on track at ARMS events.

Nominated Instructors who do not intend to operate a vehicle on track except in the conduct of explicit instructor duties are not required to pay any licencing fees. Licences issued to these individuals will be annotated as "Valid for Instructor Duties Only".

Instructors who intend to operate vehicles on track during ARMS events other than instructing are required to apply for and submit fees for the applicable discipline licenses. Fees for annual licences will be as stated in ARMS Handbook and updated 2025 application forms for the applicable discipline.

Any questions regarding the annual list of nominated instructors can be directed Brian Gay at bmwrace426@gmail.com. Questions regarding license paperwork and requirements can be directed to Brent O'Connor at registrar@armsinc.ca.
