Registration

Online Pre-Registration:

Vehicle: <https://forms.gle/Uyd9RoWaHlg12yWr5>

Drivers: <https://forms.gle/spuSSVEGRCakmeG87>

Note: You need only fill out the vehicle form **once** in 2025 unless there are changes. Please fill out the Drivers form for each weekend you intend to race.

Deadline: Please register online by Wednesday one week prior to race day at 8 PM. Late registrations will incur a \$75.00 penalty fee. Entry fees are not required to be submitted at registration time, and can be paid as late as track time on race day.

You must still report to registration on race day to confirm your entry.

Single Series Entrants: Drivers competing in brackets GT1-GT3, please register for the AJM Classics Series; those in brackets GT4-GT6, please register in the WCN Motorsports. Multiple driver cars may still compete in either series, but the goal is to maximize competition/racing in both series. This is on a trial basis and may be revised with notice.

All drivers, entrants, and crew are required to sign the official waiver form upon entrance to the track premises or the earliest staffed opportunity.
You can sign the waiver in advance [here](#).

Exclusions: The race organizers reserve the right to exclude from racing all those who fail to comply with the rules of the ARMS handbook and these supplementary regulations.

Sedan classes may be combined or run separately dependent on scheduling.
All open wheel car classes will be combined for all open wheel races.

Car owners must make sure all the drivers of their vehicles are licensed, registered and have paid the appropriate fees. Unregistered drivers found to be racing will be black flagged and cannot continue until they have completed their paperwork.
For a second offense there will be a \$200.00 fine to the car owner.

Gate Fees: TRAC Race Entry includes the gate fee for the racer and one crew only; any extra TRAC Series crew members and associated personnel are required to purchase tickets. Advance price is \$30 available at <https://spc.tracseries.ca> or \$40 at the Gate

Refunds/Credits: If a race driver/entrant has registered, and has a mechanical breakdown during practice or qualifying, a 50% credit will be issued for another race day – no refunds.

In the event of a race car mechanical breakdown after the driver/entrant has taken a green flag for a race, no refund will be made.

If a race date/event cannot continue then all expenses will be paid, and any remaining money will be divided proportionally amongst entrants.

Technical Inspection

Race Cars: No race car will be allowed on the track until passed by the Technical Inspector.

Cars may be required to re-pass technical inspection after an incident or upon request of the scrutineer.

All cars must display the annual tech decal on the driver's side of the windshield or, for open wheel cars, on the driver's side roll bar.

Helmets: All Helmets must have the driver's first initial and full last name on the left side, at minimum. This is for medical rescue / first response so they know who they are dealing with in the event of an incident.

Scoring

Mylaps Electronic Timing System will be used. All race cars are required to correctly install a transponder in accordance with the requirements. Transponders may be rented at registration if necessary. Only ARMS approved transponder units may be used. Racing will be scored in one of two ways: time to complete a set number of laps, or laps per set amount of time.

It is the responsibility of the competitor who has rented the transponder to return it at the end of the day. Failure to return the transponder on by the end of the event will result in a \$50 Late Return Fee. If the competitor fails to return the transponder, they will be fined an amount consistent with the cost of replacement of the transponder.

Official Bulletin Board

An official bulletin board will be maintained at Registration in the Guthrie Building. Race organizers will consider this building as Race Headquarters for the event.

Insurance Provider: Stoneridge Insurance Brokers.
